Dairy Calf Club Judges Cows at April Meeting

The second meeting of the Didsbury Baby Calf Club was held at Lydia Morris' farm on Saturday, April 16. The meeting opened with the judging of a mature class of cows, two-year-olds, and calves. The reasons and correct placings were given by Mr. Morris, Mr. McPhail and Mr. E. Clarke respectively.

The members then went to the house for the business meeting, with the president, Ken Morris, in the chair. A report on producing clean milk was given by Gwen Clarke. New reports were given to Bob and Jim Clarke, Pat Gibbs and Adrienne Scheidt. Mr. McPhail gave a very interesting talk on his trip to the Royal Winter Fair.

At the next meeting at the farm of Mr. Clark at Carstairs Mr. Clark will give a demonstration of showing and washing a cow to show at a fair.

After the business meeting adjourned Mrs. Munroe served a delicious lunch.

Bulldozer Gate Kills Olds Man

Charles Goett, 21, was instantly killed Saturday noon west of Olds when the end gate of a bulldozer shovel, propped in the air, fell on him and pinned him to the ground. He was changing a blade on the bulldozer, and Ralph Dodd who had been helping him had just left the spot, where the gate fell a moment later.

His father, Charles Goett, witnessed the accident, along with Ralph Dodd and Ted Fox. The 1,000 pound gate dropped so suddenly that nothing could be done to save him. With the aid of a cable the father and Mr. Dodd lifted the gate from the ground.

The fishing season opened on May 1st north of the Bow river and a number of local fishermen have out and report a very successful season. The streams are clear but very low for this time of year and not conducive to good fishing. However, this did not dampen the spirits of ardent fishermen and all streams seemed to have an abundance of sportsmen along their banks on the opening day. The weather was ideal for an outing, although somewhat cool for enjoyable picnicing.

Salvation Army Appeal Sponsored By Didsbury Lions

The Didsbury Lions Club is sponsoring the Salvation Army Appeal which will be conducted here between May 3 and May 23, and the local committee handling the campaign is W.H. Payne, R.E. Hoover and Emile Dupont Sr.

The business places in town will be asked to make a donation and county residents wishing to donate should leave contributions with one of the above committee members. Receipts will be issued for all donations over \$1.00, allowing deductions for income tax purposes.

To aid the appeal milk bottles have been left in local business places and your spare change would be appreciated.

Last year Didsbury and district raised \$247.34 for the Salvation Army. This year the committee has set a quota of \$500.

Your generous donation will help to reach the quota.

SUCH WAS LIFE

Horse back was the common way of delivering cattle to market at the turn of the century.

Mr. Briggs delivered a bunch of steers to Calgary market for which he received ten one hundred dollar bills. Being in his shirt sleeves he put the bills in his hip pocket at the time. He started for his ranch forty miles away and as he arrived he thought of his bills, but reaching into his pocket he only found one bill. The next morning he retraced his tracks at daylight and found all the one hundred dollar bills but two. They were scattered at intervals along the trail.

PIONEER CITIZEN

MOTHER'S DAY SERVICE AT UNITED MISSIONARY CHURCH

A Mother's Day service will be held at the United Missionary church, Didsbury, on Sunday, May 8, at 2:30 p.m. There will be special music including a double quartet, quartet, and other numbers. Sermon topic will be "The Victory of a Mother."

A cordial invitation is extended to everyone to attend this special Mother's Day service.

Larger Grants Made For Rural Roads

Alberta's road program this year will include a greatly increased sum for district and local roads, according to information received by officials of the Alberta Motor Association.

The appropriation for this program is \$2,660,000, compared with \$2,225,000 in 1948.

When the report of the Judge concerning municipal-municipal tax relations was made last year, it recommended that the equivalent of 25 per cent of revenue from gasoline taxes and the Motor Vehicles Act should be paid to the municipalities and local improvement districts as grants.

Based on the actual receipts for the last fiscal year, this formula if adopted would have provided grants of \$2,396,000, against the total of \$1,900,000 voted in the estimates for 1948-49.

The amount voted by the legislature is \$261,000 more than the sum recommended by the Judge commission and \$760,000 more than the sum voted in the estimates last year.

In urging road improvements in Alberta on a general scale, the A.M.A. has emphasized the importance of local or market roads, acting as feeders to the main market arteries and enabling primary products to get their produce to market in the best possible condition.

Lady Golfers Plan For Tournaments

The lady members of the Didsbury Golf Club this year plan to take a more active part in golf activities and will be holding several competitions during the regular season. These competitions will be in the form of handicap tournaments and before definite plans can be made handicaps for each golfer must be set. The lady members are requested to play nine holes of golf sometime between Wednesday, May 4 and Wednesday, May 11 and to turn in their scores to Art Reiter. Handicaps for future competitions will be set from the scores turned in.

The Didsbury course is in excellent condition this year and with a large membership expected should have another good year. A large turnout of lady golfers during the coming week would be appreciated so that future tournaments can be successfully run off.

WEST NOTES

Among those attending the opening of the new hospital wing in Olds last Wednesday were Mr. and Mrs. A.L. Hogg and Mrs. O. Kreus.

Mr. and Mrs. G. Monck of Calgary spent Sunday visiting their daughter, Mrs. D. Hosegood.

Mr. and Mrs. J. Bagshaw visited with Mr. and Mrs. C. Reinhard at Westcott on Sunday.

The Elkslon ball team won from Cremona on their home diamond on Sunday, the score being 7-5.

Mrs. H. Hosegood had her two nieces and nephew from Clive as guests over the week end.

Mr. and Mrs. P. Hosegood were Olds visitors on Sunday.

Measles and flu still seem quite prevalent, the Elkslon school being closed Friday owing to the illness of the teacher.

Mrs. M. Campbell visited her parents, Mr. and Mrs. E.W. Lowrie, on Sunday.

Mrs. A.L. Hogg spent Sunday afternoon with Mrs. J. Hosegood.

The Rugby W.A. of St. James met at the home of Mrs. H. Hosegood on April 20th with only a very few present. The next meeting will be held at the home of Mrs. B. Smith in June.

Mr. and Mrs. L. Krebs were Calgary visitors on Monday.

Mrs. E.W. Lowrie visited Mrs. Arnold Blain on Thursday afternoon.

East, West Meet at U.N. Assembly

Top level diplomats from the entire world are again meeting at United Nations Headquarters, New York, in the second part of the Third General Assembly session. Here Dean Acheson (left), United States Secretary of State, shakes hands with Andrei A. Gromyko, Deputy Foreign Minister and head of the U.N. delegation of the USSR.

English Flower Seeds Received by Bancroft W.I.

The April meeting of Bancroft W.I. was held at the home of Mrs. Jim Tanton with seven members present. The meeting opened by singing Old Acquaintances and the Creed was read in unison. Roll call was made for 1948-49.

The amount voted by the legislature is \$261,000 more than the sum recommended by the Judge commission and \$760,000 more than the sum voted in the estimates last year.

In urging road improvements in Alberta on a general scale, the A.M.A. has emphasized the importance of local or market roads, acting as feeders to the main market arteries and enabling primary products to get their produce to market in the best possible condition.

A panel of flower seeds was received from a W.I. in England to which Bancroft W.I. had sent a contribution. The members had saved the seeds from their own gardens, and included Lupin Sweet Peas, Hollyhocks and honesty, and were divided amongst the members.

\$100 was cleared at a calico ball held at East Community Hall.

It was decided to purchase lumber and hire a carpenter to board up the kitchen in East Community Hall.

A donation of \$10 was made to the local curling rink which is to be built this summer.

Vitamin pills are to be purchased by the W.I. and resold at cost to members and district residents.

Mrs. Fred Hoskin read a paper on citizenship and the report of the Didsbury Constituency was also read.

The contest on flowers was won by Mrs. Allen Marsh and the draw was won by Fay Marsh.

The meeting closed with the Save the King, after which a delicious lunch was served by the hostess.

West Didsbury Calf Club Notes

The last meeting of the West Didsbury Calf Club was held at the home of Mr. and Mrs. Roy McNaughton on April 19th at Schockes farm, which is a half mile west and two miles south of Carstairs. The Club calves will be sold at Carstairs on June 3.

The box social program of the West Didsbury Calf Club was held in the Rugby hall on March 29. Mr. McPhail and Mr. Arnold from Olds showed some films, one of which was on the Royal Fair at Toronto.

1948 POULTRY EXPORTS

The year 1948 was a record one for the export of poultry. Over 44 million pounds of live and dressed birds were shipped out of Canada. The principal market was the United States, and during the year 29.6 million pounds of live poultry and 13.1 million pounds of dressed birds moved across the border. The British West Indies took over half a million pounds of dressed poultry, and the new province of Newfoundland just under half a million. Belgium and Switzerland were the heaviest European buyers. Altogether, the trade was worth \$20 million.

A. D. CAMPBELL, FORMER
DAIRY OFFICIAL DIES

Archibald Duncan Campbell, 70, former production manager of United Dairies Ltd., a well-known business man in Calgary for many years, died Wed., May 22 at his home, 1517 16th Ave. W., Calgary.

Mr. Campbell had been with United Dairies from 1929 until he retired a year ago.

He was born in Strathroy, Ont., and received his education in Strathroy school. He taught school for six years before attending the Ontario Agricultural College, at Guelph. Graduating in 1916, he was appointed district agriculturist at Maniskiag, Ont., and held that post until moving to Calgary in 1912.

In 1929 Mr. Campbell joined United Dairies and he had lived in Calgary continuously since.

He was active in several dairy and livestock associations and was a former chairman of the board's agricultural committee. He was also a charter member of Zionland Lodge No. 83, A.F. & A.M., a senior elder of Knox United Church and was for several years president of the Mount Royal Community Club.

BANG'S DISEASE

(Hugh McPhail, Dist. Agriculturist)
This is one of the diseases which causes very serious economic loss to cattlemen and when it strikes a clean herd it may be ruinous.

Besides the economic loss it is a very dangerous menace to health. It can cause Undulant Fever in humans through milk or contact with the disease. I know several people suffering from Undulant Fever and one in the Orls district. Our department anxious to do what it can to eradicate the disease.

Our Provincial Veterinarian, Dr. Balantyne, has this to say:
"Bang's disease, which apparently exists in many districts, precludes the practicability of establishing these districts as Bang's Restricted Areas. Compensation by the Government would prove a very expensive procedure and, without compensation, it would be equally expensive and crippling to the cattle owners."

As an alternative, it is suggested that organized calfood vaccination if practiced for four or five years would, in the ordinary course of events result in the replacement of many reacting females by young stock which would have a resistance to the disease. Following such elimination of reactors, it might be practicable to conduct a blood test to eliminate reactors without undue loss to the industry.

Some farmers in the Orls and Didsbury district have been following the practice of calfood vaccination for some years. This is the most promising method of building up resistance in a herd. Our department furnishes the vaccine free and Dr. Anderson does the work for a very reasonable fee.

Let me know if you are interested. Calves should be vaccinated between four and eight months of age. I have bulletins available in my office about the disease and application forms.

URANIUM SEARCH TO BE INTENSIFIED

Efforts to find additional Canadian reserves of uranium, raw material of atomic bomb manufacture, will be intensified this summer in northern Saskatchewan where at least two companies plan to undertake extensive underground development of uranium properties.

The larger search will be carried out by Eldorado Mining and Refining Limited, the crown corporation company which operates at Great Bear Lake one of the two largest sources of uranium in the world. The other source is the Belgian Congo.

Nicholson Mines Ltd., of Toronto will also operate in Saskatchewan.

The Northern Saskatchewan uranium ore bodies have been under exploration for five years near the east end of Lake Athabasca.

Fishing Dates Undergo Change

Hon. N.E. Tanner, Minister of Lands and Forests, announced recent changes in 1949 angling regulations.

An important change affecting the Bow River now permits angling in the main stream of the Bow River upstream from the Louis Bridge in Calgary. The Buff National Park boundary to commence May 1 instead of June 16. Anglers are cautioned that this earlier opening date applies only to main stream of the Bow and not to any tributaries.

Opening dates for waters containing Trout, Grayling and Rocky Mountain Whitefish, from international boundary line northwest to and including the Bow River and its tributaries will be June 16 and the season will extend to Oct. 31.

Opening date for Trout waters of the Red Deer river, the North Saskatchewan river and their tributaries, will be May 1 and the season will extend to Sept. 10.

The season for the Athabasca river watershed will open June 1 and will close Oct. 15 and anglers may fish in lake trout waters from May 16 to Oct. 15, both days inclusive. In other waters of the province, angling for Pike (Jackfish), Pickerel (Walleyed Pike), Perch or Golyeye, is permitted from May 16 through to March 31, both dates inclusive.

Mr. Tanner also announced that Pickerel now has been included in the minimum size limits and that Pickerel less than 12 inches in length caught by angling shall not be retained, but must be returned to the water alive and if possible uninjured.

The minimum size limit for Rainbow, Cutthroat, Speckled (Eastern Brook), Lach Levan trout, Grayling and Rocky Mountain Whitefish remains unchanged at eight inches, and lake trout—12 inches.

Says Bob Edwards:

In the issue of the High River Eye Opener on July 25, 1903, Bob Edwards is just getting settled in local journalism. He casts a little eye over the doings of the North West Territories with great hopes for the north country. A few jottings from the Midnapore Gazette are included in his social items, clipped from the best thoughts of the editor, Peter McGonigle.

(High River Eye Opener, July 25, 1903) High River Times.

The Eye Opener is flying along over the crest of the waves with balloon topsail and spinakers all set. Let 'em all come. We're ready.

That Railroad

We understand that when the Grand Trunk reaches the Peace River country, a branch line will be run to the Arctic Circle paralleling the Mackenzie River. This will give a fairly straight shoot from the Arctic Ocean to Edmonton. The main object will be to ship whales from the north to Edmonton, where they have no whales, and haul back hay and oats to the Eskimos, many of whom run large herds of walruses. The whales will be watered on the way down at Great Slave Lake, which will be liberally stocked with herring and other fish for feeding purposes. What better sport at Edmonton, still at Calgary, is there than at Okotoks and Kuckers every place else. Alberta bids fair to become an aquarium of curious marine specimens. The whales will be used by the real estate men of Edmonton to help them spout.

From Midnapore Gazette

Peter McGonigle's news of the past week includes the following portentous items:

We understand that Mr. Shaw is seriously thinking about painting his front fence a beautiful yellow. Midnapore is the home of art.

Bob Kelloch, manager of the new hotel, fell over a cow lying on the sidewalk. He was not seriously hurt. Sunday evening the result was a skinned nose and several bruises. It is surely time that this village was incorporated and a system of law and order established.

ed. Whither are we drifting?

In his sermon, Sunday evening Rev. Johnson referred to the tremendous strain put upon editors to keep up with the times. How true! Hardly a night that we do not go to bed with our heads in a whirl and our minds in a state of chaos. Yet how few people think of this when they pick up a copy of

the bar receipts at the new hotel are running a good average.

A move is made for the establishment of a parliament in the east setting forth the bar receipts of this excellent hostelry, and the wonderful scenic effects resulting. It should create a profound impression on incoming settlers.

As Chief Justice Sifton moves

along in his implacable way seeking it to horse thieves it begins to look as if Andrew Carnegie might go in some time now providing funds for an annex to Society Mountain.

It seems a pity that our territorial and Dominion assemblies should have so many lawyers, doctors and editors. A fair sprinkling is enough. We don't need a cloudburst.

FIGHT! FOR BETTER HOUSING

Your efforts can help provide better homes for more Canadians. The Progressive Conservative Party has already accomplished action through aggressive leadership. Much more can be accomplished with your help. Your membership in the Party is a step to speed up home production . . . to reduce housing costs.

Alternate Sundays at Bethel and Jutland 2:00 p.m.—Sunday school followed by worship service.

The pastor and congregation extend a cordial invitation to every one to worship with us. "Come and we will do thee good."

URGE MORE SAFETY
ON ALBERTA HIGHWAYS

Greater safety on Alberta highways is being emphasized by officials of the Alberta Motor Association and other organizations.

With the traffic volume now on the increase it is necessary to be alert at level crossings and to guard against other hazards. Already the level crossing toll is causing alarm in different parts of the country.

It also appears that there is need for greater education as to pedestrian safety activities. Recently it was reported in the U.S. that every 78 minutes a pedestrian met death in city traffic last year. Also, persons about accounted for 60 per cent of all urban traffic deaths.

To cope with the situation, national pedestrian protection contests have been organized. These are designed to carry out or bring about more effective programs leading to reduced pedestrian injuries and death.

In Alberta, much can be done along the line of encouraging pedestrian safety. School safety activities and public education will accomplish a great deal.

Syria is the first Arabian country to offer votes to women.

Combines For U.S.A.

The Minister of Labour, Hon. Humphrey Mitchell has been in touch with United States employment and farm labour officials in connection with the possibility of Canadian combines and operations proceeding to the United States this summer to assist in the harvesting of the grain crop.

United States officials state that at the moment they are unable to estimate whether Canadian combines will be required this year. They point out that the number of local combines available is substantially greater than has been the case in previous years and that unless some emergency arises which cannot be foreseen the need for Canadian combines is not likely to be pressed.

Farm labor officials of the States affected and officials of the United States Employment Service will meet in Oklahoma City late in April. A representative of the Canadian Department of Labour will be in attendance and the Canadian combines and workers will be finally established at the meeting. In the meantime it is inadvisable for Canadian farmers who have combines, to anticipate a demand for their services in the United States this year.

American Tourists
Welcome By Canada

A tremendous "WELCOME" awaits American tourist visitors at the south end of the Peace Bridge which links metropolitan Buffalo with Fort Erie, the tourist-minded Ontario town. In the form of one of the largest spectacles in the Dominion this "WELCOME" sign is a striking symbol of hospitality to the more than a million vehicles which annually enter Canada at this point. For it stands as high as a six story building and is visible from a distance of five miles.

More than a quarter of a mile of red and blue neon tubing and over 1100 incandescent lamps, a twenty year supply for the average householder, serves to illuminate this "CANADA WELCOMES YOU" sign.

Like four huge skyrockets the neon lighting snakes its way 175 feet over the surface of this spectacular to end in a burst of brilliance spelling out the word "ESSO" in twenty foot letters.

The words "Canada Welcomes You" have a double outline in blue neon tubing with a line of yellow lamps down the centre of the letters. These lamps operate on a specially developed flasher which produces a twinkling action. The electrical flashing equipment required to animate the display is a maze of intricate wiring and gadgets occupying a panel over six feet square. Forty three luminous transfers help to develop the various stages and sequences of this display which makes a complete cycle every half minute.

In operation, as it is hoped to be during the course of National Tourist Service Week this amazing sign serves most opportunity to accent one of the primary purposes of the campaign—to be courteous to Canada's tourist visitors.

"I'M HELPING MY HERD
TO HELP ME!"

PROFIT-WISE

dairymen choose McCormick-Deering milking machines because they milk quickly and thoroughly, set up more product, get more milk to sell at today's prices. Stainless steel construction and easy-to-clean surfaces assure cleaner, better milk and a surprising low head count. Its gentle, massaging action and dependable vacuum aid in guarding the herd's health, resulting in more productive cows. MORE MILK means more cream and extra dollars. A McCormick-Deering milker is built to clean easily and is sturdy built. Whole milk touches only smooth, stainless steel. Precision-perfect bowl remains in balance under constant use to "close-skim" those extra ounces of butterfat.

Let us give you all the facts about McCormick-Deering Milkers & Cream Separators.

APPROVED B. B. BRONZE STARTED
TURKEY POULTS FOR SALE

Just before payday you've probably looked at what's left of your wages or household money. You said: "Where does the money go?" A company must ask itself the same question, and each year provides the answer in its annual report.

The dollars we received last year—for gasoline, kerosene, fuel oil and other products—went this way:

Crude Oil and other raw materials we needed to make the products took the first big slice. Depending on where you live your oil may have come from Arabia, from South America, or from deep in the United States. In Canada only Alberta produced crude in quantity.

Manufacturing and packaging came next—complex and intricate refining operations are needed to make the hundreds of oil products which find thousands of uses in our homes and industries, on our highways, in the air and on the sea.

Transportation was the next big bite—products must move over wide areas to serve all communities in Canada.

Marketing was fourth. Marketing provides the products you need wherever you can—power, heat, lubricants for factory, farm and home. Marketing supplies that local businessman, the dealer and if you're a fuel oil user, keeps oil in your tank!

Taxes to provincial and federal governments absorbed 7.06 cents. And this does not include gasoline tax, which—depending on where you live—takes from 22 to 35 cents out of every dollar you spend for standard grade gasoline.

Profit was 4.9 cents out of each sales dollar. From this we paid three cents to shareholders dividends. The rest was spent—logically, a lot more money we borrowed and still more obtained by sales of investments—to help meet your increasing needs for oil.

IMPERIAL OIL LIMITED

Private...

7,551,058* bank accounts

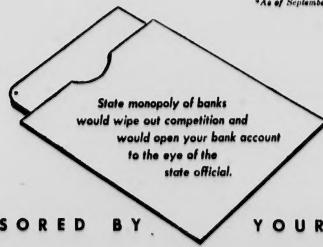

You take for granted that your bank keeps your account private... even though yours is one of more than seven million deposit accounts in Canada's 3,385 branch banks.

When you put money in, take it out, arrange a loan—transact any of your banking business—nobody need know about it but you and your bank.

It's the most confidential business relationship you have.

Canada's ten chartered banks compete to serve you, in handling your cheques, lending money, safeguarding your funds—and in many other ways. You know you can always expect privacy and efficiency.

WESTCOTT ITEMS

(Too late for last week)
Miss Marion Bigston spent the Easter holidays at Clar-
ence Reinhardt's.

Mr. and Mrs. Ken Burgesson and son Wilfred of Cremona were visitors at the Herber Goetjen home last Tuesday evening.

We are glad to hear that little Elizabeth Ford is feeling better.

Mr. and Mrs. Otto Bullock had as there supper guests on Monday night last Mr. and Mrs. Ted Toppling and family and Mr. and Mrs. Allan Konshub and Donald.

Miss Deloye Goetjen returned home Sunday after having spent the holidays at Sundre.

Among those at Scout Camp this past week was Tom Swanby of Moosejaw renewing old acquaintances.

Marjorie Goetjen got a piece of twig from an overlapping branch of a tree while going on the street in Didsbury last Monday night and so Marjorie is having a few more holidays from school as it has developed into quite a sore eye, the pain being quite severe.

Field work continues to go on at a rapid pace and already much of the wheat is sown. Winter wheat and rye came through the winter well and looks very good. With all the wind and dust a rye would surely be beneficial at this time.

Many thanks to those neighbors and friends who came out and fought the grass fire on the H.J. Goetjen farm.

WEST NOTES

(Too Late For Last Week)

Mr. and Mrs. H. Erickson were Calgary visitors last Wednesday. Mrs. Gillies Sr. accompanied them and stayed till Saturday.

Mr. and Mrs. Wilbert Papke and family and Mr. and Mrs. Arnold Hogg visited at the Papke home on Sunday.

Mr. and Mrs. A. L. Hogg spent Friday evening with Mr. and Mrs. O. Thompson.

The sympathy of the community is expressed to Mrs. Arnold Blain in the loss of her father under such tragic circumstances.

Mr. and Mrs. H. Hosegood and Mrs. Hosegood Sr. visited with the Birds at Garfield Sunday evening.

Miss Moira Sutherland of Innsfail visited at the home of her brother last week.

TIS MOTHER'S DAY ALWAYS

One lone, forlorn and single Day
We give to Mother dear,
As though she hid in caves away
To live but once a year.

Not earth nor sod-bowed hearts
Can keep
Her impulse all sublime,
Tis born of God, how could she sleep

While earth is full of crime.

Mid scenes of agony and pain,
Hearts bleed their lives away,
Was "Peace on Earth" proclaimed

In vain?

Could Mothers speed that Day?

Twas not for creed or dogma's sake
Christ on the cross was laid,

Twas these that led Him to the stake,
For Truth the price was paid.

This blood-stained age it still abounds,

With crime against our brother,
Our statutes ring with jarring sounds,

They need the touch of Mother,
Tis not through fear of sword or cell

That evil yields to right,
Tis what a Mother's heart can tell
Of love, of life, of light.

Can we God's likeness reproduce
With shield, sword and gun?

Can we our Father's law seduce?

"Yet pray 'Thy will be done!'

Our Mothers too, God's image bear

With grace and tenderness,

Her intuitions she would share

On earth mankind to bless.

When Mother's creed in love
expressed

Shall wave o'er sea and land,

The mounted warriors armour-dressed

Will fade on every hand.

Anchored firm in Love's high tower

It's healing light shines strong.

Tis Mother's sword, her shield,

her power,

Twould bring world peace ere long.

PIONEER CITIZEN

A modern jet plane is made up of

more than half a million pieces.

Exponentially worn out coal mines will be fired and the gas trapped for commercial use.

Circus people are noted for their tolerance, and among them a man's belief is respected.

Yes Sir, Bill, they thought
of Everything when they
designed the Model "M"...

IT'S BUILT FOR THE MAN
WHO WANTS THE BEST!

Anyone will tell you the John Deere Model "M" is a good-looking tractor, but that's only in outward appearance. It's the real value "under the paint". For instance, where else can you get a built-in, easy-to-service hydraulic control like the John Deere Touch-matic?

And consider operator's comfort and safety. What other tractor for the same price offers an adjustable steering wheel, adjustable steering wheel, and provision for the operator to stand safely?

Then, there's the Model "M" gives you the wide adaptability you want, with a powerful nimble engine, a choice of transmissions, a tractor with full range of speeds from 1-5/8 up to 12 M.P.H.

And, as for equipment, no other tractor offers you so much value as the "M" and its complete line of Quik-Tatch working tools. See us for details. You'll agree—it will pay you to wait for a Model "M".

IRISH FAT CATTLE

The British Minister of Agriculture has announced that the British price for Irish fat cattle is to be increased by 4-6 per ewt. (eight cents a pound). This is a result of the increased price obtained by the Bri-

tish Farmers' Union, since the Anglo-Irish Trade Agreement of August, 1948, provides that prices paid for British and Irish fat cattle must remain in line. There is a British subsidy of 5-0 per ewt. (nine cents a pound), payable on cattle reared and fattened in Britain.

**Bigger Newspapers
In Britain**

In reply to a question in the House of Commons the President of the Board of Trade, Mr. Harold Wilson, made the following statement: "As from April 24 newspapers will be allowed to make a further increase in size which will bring the present five page newspaper up to six pages with appropriate increases in other cases. I hope that at the beginning of July next it will be possible to make an increase of about 50% in the permitted paper consumption of old established periodicals and also to allow newspapers and periodicals which are at present restricted to eight ects. of paper in four months to double this quantity." At present the daily newspaper in Britain alternate from four to six pages.

**BRITAIN BUILDS HALF
WORLD'S MERCHANT TONNAGE**

Shipbuilders in Great Britain and Northern Ireland last year constructed merchant vessels totalling 1,176,336 net registered tons, or 50.9 per cent of the total world construction.

Canada launched 61 ships of 102,321 net registered tons, but none exceeding 6,000 tons. Thirteen of these were oil-burning steamships and electric welding was used exclusively on 17 others.

**CANADA PRINCIPAL
SUPPLIER OF BRITAIN**

Canada was Britain's principal source of supply last year, and fifth among the countries buying from the United Kingdom. Canada's exports to Britain were valued at more than \$886 million, followed in order of value by the United States, Australia, Argentina and New Zealand. Britain's principal markets were Australia, South Africa, India, Ireland and Canada. Last year Canada's imports from Britain amounted to almost \$280 million.

**CARLOAD SHIPMENT
LEAVES REGINA**

En route from Regina is a full carload of March of Books donations, weighing more than 26,000 pounds. The books were collected in Alberta and Saskatchewan centres in an aggressive campaign organized by Mrs. Marion L. Hargreaves. Several hundred dollars in freight charges were saved by bulk shipping contributions from Eastern Canada to Regina for shipment. The large shipment included donations from Edmonton, Calgary, Lethbridge, Medicine Hat, Saskatoon, Moose Jaw, Regina, North Battleford, Kamsack, Buchanan and Melfort.

**DDT NOT HARMFUL
TO HONEYBEES**

Are sprays containing DDT for control of insect pests in fruit, seed and vegetable growing areas injurious to honeybees? Beekeepers in these areas sometimes ask this question.

According to officials at the Central Experimental Farm, Ottawa, the answer is—no. And the officials have experimented constantly since DDT became more generally used as an insecticide some few years ago.

They have used highly concentrated quantities of the chemical to spray fully open apple blossoms while the bees were at work. The force of the spray material even drove the bees away temporarily, but they returned before it was dry and started collecting nectar again.

The dead bees which had been sprayed on blossoms were subjected to chemical analysis for the presence of DDT. In only one example was DDT found in sufficient quantity to be even suspected as the cause of death. And at no time was the death rate of adult bees of brood, any higher than that which occurred in a check apiary.

The result of this quite drastic experiment—normally apple trees are not sprayed during the period of open bloom—proves beyond doubt, officials say, that under normal field conditions DDT is not harmful to honey bees.

DISTRICT NEWS

FALLEN TIMBER

Mr. and Mrs. J.H. Cooper and Mrs. George Admussen and baby Elaine were Calgary visitors last weekend. It was during their stay that Mrs. Cooper discovered the fire at Bogie Lake in its early stages so that it was easily put out. However, the fire west of Bergen reached an alarming size and eight caterpillars and many men gathered to put it out. The snow on Saturday completed their efforts and the fire seems to be out completely.

Mr. R. Wannamaker and Mr. H. Johnson went to Saskatchewan for a week.

Little Cecil Moncey had the misfortune to step on a piece of glass and badly cut his foot.

Mr. and Mrs. Starf and family were visitors at the Joe McGaffin home Sunday evening.

The school children are having a wonderful time on the swings, now that at last the swings are up.

Mr. and Mrs. Joe McGaffin were in Calgary for the week end and returned Sunday noon.

BERGEN NEWS NOTES

This was a busy week for the ladies of Bergen. Both of the women's organizations held meetings.

The Ladies' Aid met at the home of Mrs. Wesley Haug on Wednesday with a good number of members present. Completed work was handed in and material distributed for more articles to be completed for the sale this fall. It was decided that the orange fund should be put to use and oranges sent to anyone in the district who is ill. The hostess served an enjoyable lunch. Next meeting will be at the home of Mrs. O. Clarke.

Mrs. Ruth Blain was hostess to the Women's Service Circle. There were two meetings on Saturday morning the afternoon, placing a quilt to be sent to an institution in Edmonton. Mrs. Ross Ellis invited the ladies to her home for the next meeting on May 12. A delicious lunch was enjoyed by all present.

The snow which fell on Saturday was very welcome, to say the least, for it seems to have put out the forest fire which has been raging west of Niche Valley. We understand the fire started on the other side of the river but the high winds blew the sparks over to this side where it continued to burn. It is reported that some buildings were burned, but Dr. Harvey's cabin was saved.

Mrs. Thora Mjolsness and family visited here over the week end.

Norman Halverson, veteran of the R.C.A.F., has joined the force again and expects to leave shortly for the east.

Bill Davidson and Bud Aufstein are building a round roof on Harvey Wideman's barn.

Mr. and Mrs. Mullen Sr. and Roil motored to Bergen Sunday. They were accompanied by Mr. and Mrs. Bob Payne.

A meeting was held recently in the Bergen school for the purpose of organizing a Home and School Association. Mrs. Erling Erickson was elected president, Mr. O. Clarke vice president, and Mrs. Norma Cook secretary. An open house at the meeting decided to fix the school fence and repair the swings and other equipment on Monday, May 9. Anyone who would like to lend a hand is welcome to do so.

MELVIN NOTES

Little Jackie Johnston was taken to the hospital on Saturday with a broken arm, the result of being thrown from a horse. It is a double break just above the wrist and he will be in hospital a few days longer at least. Tough luck, Jackie, but we hope you will soon be able to go to school again.

On Sunday George Summers was taken home from hospital where he has been confined for the past week suffering from pneumonia. Now that you are on the mend, George, we hope you will soon be yourself again.

Mr. and Mrs. E. Vetter and family of Three Hills visited on Sunday at the home of Mrs. Vetter's sister, Miss Ruth Johnston.

Walton Youngs of Edmonton spent the week end at his parental home.

Mr. and Mrs. Ray and Howard of Castors at the Boss Youngs home.

After a great deal of uncertainty the electric power is finally assured along certain lines west of Didsbury. Some are disappointed at not being close enough to the route to secure electricity and it really is too bad it cannot be made available to everyone, for if anybody needs the conveniences it is the farmer, believe me.

BURNSIDE NOTES

Seedling is well under way in the Burnside district and much of the wheat has been sown. Nearly everyone in the district lost their rye and winter wheat, due to lack of snow this winter.

Sandy Brander has engaged Mr. Epp of Sunnyslope to build the new addition to his house, and the cement foundation is already in.

Dick Metz has sold his farm and we understand the purchaser is Sam Elliott.

The brush breakers, Harold Wood and R. Himmerich, have left the neighborhood and gone north. While in the district they brushed for Ivan Weber, C. Mardon, Floyd McIgrain, Sandy Brander, Ed Watkin and Capt. Paige.

MOUNTAIN VIEW

Mr. and Mrs. Art Thompson attended the anniversary of the Palace Bakery on Wednesday, April 25.

Mr. and Mrs. Harold Swanson, Mr. and Mrs. Joe Hunter and family, Joy Elliott, Muriel Clark and family, Mr. and Mrs. John Bruce and family visited awhile Sunday with Mr. and Mrs. J. Worrall and Mr. and Mrs. L. Hunter.

Mr. A. T. Thompson was fishing on Sunday at the Dog Pound but didn't have any luck.

Mr. and Mrs. L. Hunter and Mr. and Mrs. J. Worrall were dinner guests of Mr. and Mrs. J. Bruce on Sunday.

Mr. and Mrs. Tom McCaig were visitors over the week end with Mr. and Mrs. Grenville McCaig. Sunday they were dinner guests of Mr. and Mrs. Lloyd Hayne.

Mr. George Morasch, Mrs. Lily, Mrs. A. Morasch, and Mr. and Mrs. Danny Morasch travelled to Penhold on Sunday to visit with Mr. and Mrs. Ted Hunter.

Miss Margaret Atkinson visited Monday with Mrs. L. Hunter.

Mr. Art Taylor and Miss Lucille Collie visited Sunday evening with Mr. and Mrs. Duwayne Fobes.

Mrs. O. Bitton and Mrs. Art Gehers visited Mrs. W. Shultz last Monday evening.

Miss Olwyn Bittner spent Sunday with the Misses Margaret and Kay Atkinson.

Mrs. Art Gehers and Mrs. W. Shultz were chosen as Mountain View W.L.I. representatives to the Alberta Women's Institute Convention in Edmonton at the end of this month.

Miss Margaret Atkinson's name was sent in by the Women's Institute as a nominee from this district to the Wheats Pool Youth Conference to be held in Edmonton in June.

Mr. and Mrs. R. Davison were Sunday dinner guests of Mr. and Mrs. W. Shultz.

The Hegedea children are just getting over the measles.

Mr. and Mrs. O. McMann and family visited in Olds on Sunday with the former's parents, Mr. and Mrs. Joe McMann.

WESTERDALE NOTES

Members of the Willing Workers organization are advised that the May 11 meeting has been postponed for one week and will be held at the home of Mrs. S. Jackson on May 18.

Congratulations to Mr. and Mrs. J. McIntosh (nee Ivy Jackson) of Munson, on the birth of a son on May 2.

Mrs. S. Jackson is continuing her teaching duties at the Westerdale school again this week.

Mr. F.J. Jackson purchased a new Mercury half-ton truck last week from Prevost Motors.

Mr. and Mrs. G. Nelson of Olds were Sunday visitors at the home of Mr. and Mrs. S. Jackson.

Mrs. L. Jones motored to Calgary Monday afternoon and visited at the home of her brother, Mr. and Mrs. S.A. Kemby.

UNITED CHURCH SERVICES

Sunday services at the United Church will be held as follows:

Didsbury, 11 a.m.—Open session of school with Mother's Day program, 7:45 p.m.; Evening worship, including the Sacrament of Baptism.

9 p.m.: Y.P.U. weekly meeting under the direction of the Citizenship Committee.

Westerdale, 11 a.m.—Mother's Day service and Sacrament of Baptism.

The program issued by the Religious Education Council of Alberta will be used at all the Mother's Day services. It is specially arranged for "A Family Day in the Church School." The church schools will meet with the congregations at all the services.

Minister: Rev. J.W. Bainbridge, M.A., B.D.

LITTLE ITEMS OF LOCAL INTEREST

Mrs. Charles Franklin is visiting in Calgary this week.

Born at Vancouver on April 29, to Mr. and Mrs. N.K. McLeod (nee Grace Topley), a daughter.

Mrs. B. Swingle and two sons, Bob and Ronald, returned to their home in Calgary after spending the past two weeks visiting with her mother, Mrs. Shannon.

Little Carol Pratt is a patient in the Didsbury hospital, suffering with pneumonia.

There will be a dance in the Melvin Hall on Friday, May 20. Music by the Merrymakers.

—SAVE 10% AT RANTON'S.

St. Cyprian's W.A. will have Mother's Day Tulips for sale on Saturday, May 7, at A. V. Soley's Store.

Mr. and Mrs. Arden Deadrick, Mr. and Mrs. Walter McInnes and Mrs. Ben St. Clair motored to Edmonton last week where they attended the graduation exercises at the Royal Alexandra Hospital. Miss Wava Deadrick received her diploma and was successful in passing the R.N. examinations. Mr. and Mrs. John Deadrick also attended the graduation exercises.

—Don't miss the four days of Bargains at Ranton's—Thursday, Friday, Saturday and Monday.

Mr. Lorne Grant, Miss Lorraine Franklin and Mrs. E. Grant of Calgary visited over the weekend at the home of Mr. and Mrs. Charles Franklin at Cremona.

Harold Oke was a business visitor in Calgary on Monday.

Another pneumonia patient, Mrs. Russell Sherick, is still in hospital.

Mr. W.E. Stiles and sons Donald, Gordon and Kenneth attended the funeral of Mrs. Stiles' father, Mr. J. Dowler, who is recuperating after an operation, spent the day with Mrs. George Burns.

Judging from the number of fishing licenses sold in Didsbury last week there will be numerous local and distal residents enjoying the outdoors this summer.

THESE MODERN APES

When two orangutans, flying from Singapore to the U.S.A., arrived at London Airport in a British Overseas Airways Corporation cargo aircraft one of them was feeling a little "off-colour". As there was a wait of several hours before they went on to America, the BOAC staff felt that they should give all possible service to this "passenger", so they brought him a pet monkey whom he would have every care and attention. When the BOAC cargo officials called for him they found the orangutan completely recovered, reclining in an armchair with a blanket around his shoulders enjoying a television programme.
